CAM Release Notes

Sprint 2021.01.2 03/10/2021

Resolved Issues

Administration

- When adding server details (creating repository) in the External Systems Configuration the status was shown "Not Connected" with oAuth error. (Cloud-8857)

M365

- Failed to copy files from iManage to Teams with appropriate file extension. (Cloud-8889)

Known Issues

- Folders copied from one template to another retain a link to previously created folders using that template. (Cloud-8208)
- Could not delete 'Saves Search' folders from Apply to workspace and Reassign template. (Cloud – 8614)

Notes

Prosperoware does not recommend using Special Characters within Metadata fields. The following are examples of special characters: "?" | "=" | ",". The iManage API may not return any results when searching for workspaces or documents containing this metadata.
